Oh. Sorry. I'll double check that tomorrow. I think you're right. Thank you.

This is just contract costs, which if I can find that email, is what we were requested to provide for R8 (or maybe it was specific to GKM, I will have to check). It does not include salary and overtime costs or other cooperative agreement, other contract, or interagency costs.

Subject line says contract expenditures. How does the jibe with the Table I've been pulling out of the Sit Reps? Does that include salary and overhead?

Here is the latest on expenses. This includes all response, including mine site,

sampling, water provisioning, hay etc. (does not include BIA funding R9 provided for water on Navajo.)

Can I get an update of contract expenses to date for both START and ERRS by region?
J, Ralph had tracked this before so I expect this is not a big lift to get me the
information. If you have questions, let me know.

Thanks
